🎓 EDUCATION

Nanyang Technological University

Bachelor in Computer Science

- CGPA: 4.92/5.0 (First class honours)
- Specialisation in AI, Minor in Business

Aug. 2021 – Jul. 2025

Singapore

Peking University

Summer Exchange

Jul. 2024 – Jul. 2024

China

Shanghai Jiao Tong University

Exchange Student

Jan. 2024 – Jun. 2024

China

University Michigan - Shanghai Jiao Tong University

Exchange Student

Jan. 2024 – Jun. 2024

China

Tsinghua University

Virtual Exchange

Aug. 2023 – Dec. 2023

Singapore

National University Singapore

Exchange Student

Jan. 2023 – May. 2023

Singapore

💼 PROFESSIONAL EXPERIENCE

Flo Energy Pte Ltd

Data Analytics | Supervisor: Nils [Data Lead]

Dec. 2024 – May. 2025

Singapore

- Building dagster pipeline for ingestion of data from various sources into snowflake for analysis and machine learning models
- Developing machine learning models for predictive analytics to forecast demand and supply of energy market and clients
- Developing and maintaining data visualisation dashboards for internal and external stakeholders

ADDX Pte Ltd

Data Analytics Intern | Supervisor: Yogesh [Data team lead]

Jun 2023 – Dec. 2023

Singapore

- Managing and optimising overall of 30 database tables some containing over 3-million entries in Snowflake and configurations through DBT for analysis and intelligence gathering
- Real-time and historical data monitoring for development and production use case
- Developed over 4 department personalised dashboards for data visualisation (Power BI,Py Plotly) for internal departments and Key Management to provide business intelligence
- Engineered 6 predictive analytics machine models to aid the sales department in driving revenue. Both supervised and unsupervised models were developed and results fed into dashboards

Wiz.AI Pte Ltd

Finance Intern | Supervisor: Andy Teo [Finance director]

May 2023 – Jun 2023

Singapore

- Preparations of key account statements (BS,P&L)
- Improving existing financial tracking processes and workflows for financial and managerial accounting

REANGLE Pte Ltd [Sustainability]

Data Analyst Intern

May 2022 – Aug 2022

Singapore

- Conceptualized green finance business model through data analytics
- Developed targeted green strategies for sectors and executed digital marketing strategies
- Formulated actionable tactics to promote green businesses
- Promoted sustainable growth in alignment with SG goals through good ESG practices

Ministry of Health

Engagement & Strategy Intern | Supervisor: Weng Chee

Nov 2020 – Apr 2021

Singapore

- Administration of online telemedicine E-training (COVID-19)
- Streamline processes in MOH LEAP Sandbox team with Python

Singapore Armed Forces

Platoon Commander

Jan 2019 – Nov 2020

Singapore

- Officer Cadet School (Logistics Formation) 115/19 - Top Graduate, Sword of Honour

🔗 RESEARCH PROJECTS

Streamsight: A toolkit for offline evaluation of RS

Jan 2024 – Dec 2024

FYP, grade obtained: A+ — Supervisor: Prof. Sun Aixin [Associate Dean Academics]

- Python, Recommender System, System architecture design, Machine learning techniques
- Evaluatoin framework to account for temporal dynamics of user/item interactions through sliding window implementation and streaming of dataset to RecSys to capture realistic data communication

Improving Localization Robustness of ORB-SLAM with Dual Cameras

Aug 2022 – Jun 2023

NTU President Scholar (Merit) — Supervisor: Prof. Lam Siew Kei [Assistant Chair Admission]

- Embedded system (Nvidia Jetson Nano), GStreamer, ROS, ORB-SLAM, OpenCV, Linux
- Develop dual-camera framework to be used in conjunction with ORB-SLAM to increase the feature points for better localization of agent

🏆 AWARDS

- Genk Capital Scholarship (2024)
- Tan Sri Runme Shaw Scholarship (2023)
- Ng Bok Eng Scholarship (2023)
- NTU President Scholar, Merit (2023)
- Dean's list all years applicable

📁 BUSINESS MODULES

- Investments
- Business Finance
- Accounting
- Business Law
- Management

⚙️ QUALITIES

- MBTI: ENTJ
- Full stack programmer
- Data analytics in Finance
- Env (Window, MacOS, Linux)
- English, Chinese proficient

🏆 HACKATHONS

- China Global Innovation Competition Joint prosthesis (2024)
- NTU SCSE TechFest Hackathon, 1st runner up (2024)
- TikTok Hackathon Challenge, Finalist (2023)
- SUTD Hackathon, Champion (2023)

🔗 COMPUTING MODULES

- Reinforcement learning
- Big data management, Database
- Natural language processing
- Machine learning, Deep learning
- Operating system

👤 LEADERSHIP

- NTU Ambassador 2024 - 2025
- NTU College (CCDS) Ambassador 2021-2024
- NTU Overseas (GEM) Ambassador 2024
- NTU College (COE) Ambassador 2021-2023
- EXCO, NTU-Dyson ambassador 2021-2022
- EXCO, NTU Aikido 2021-2022
